School background 2015 - 2017

SCHOOL VISION STATEMENT
Forster Public School provides a quality teaching and learning environment. We engage with our community to develop the academic, social, emotional, physical and spiritual needs of each child. We promote equity, excellence and opportunities for all.

SCHOOL CONTEXT
Forster Public School is situated on the coast only metres from the beach drawing students from a wide range of socio-economic backgrounds.

At Forster Public School we:

- have an experienced, dedicated staff committed to achieving improved student learning outcomes;
- have a Support Unit staffed with highly experienced special education teachers and learning support officers catering for student with intellectual disabilities, autism and mental health disorders;
- showcase the academic, cultural and sporting achievements of our students at every opportunity;
- ensure our teaching and learning programs are differentiated to cater for the diverse learning needs of our students;
- are committed to our core values of “Respect, Safety and Personal Best” and explicitly teach expectations of behaviour in all classrooms;
- embrace the use of technology to enhance the learning programs of students;
- develop in partnership with the Stephanie Alexander Kitchen Garden Foundation, practical understandings of nutrition through our state of art kitchen / garden program;
- actively engage our community in the decision making processes of the school;
- are strongly supported by a hard working P&C Association; and
- work closely with our Great Lakes Learning Community of Schools to provide our students with a vast range of extra curricula experiences and our staff with rich networking opportunities.

SCHOOL PLANNING PROCESS
The school undertook an extensive and collaborative process to inform the strategic directions for the next 3 year school plan. This process assisted the school in identifying its strengths and areas of need, the key issues impacting student learning and determining the priorities for future planning. As part of the planning process;

- Executive staff were provided with several professional learning sessions in Term 2, through leadership days and meetings, on the research behind the new planning tool and identifying the purpose of the plan.
- Teaching Staff participated in initial professional learning around the new school planning tool and the process at Term 3 SDD. As a result, the data to be analysed was established and interested staff formed the school plan writing team, consisting of principal, executive and teaching staff.
- Over several weeks in Term 3, data from a broad range of sources, including school based and state assessments, student, teacher and parent/community focus groups and surveys were collated, analysed and reported on in a situational analysis.
- Situational Analysis was discussed with executive and teaching staff and shared understandings established and transferred into priority goals to identify the three strategic directions to be pursued by the school. Findings were shared with the community.
- Writing team worked collaboratively in Term 4 to develop the 5P approach plan across all three strategic directions. The draft plan was shared with the staff to ensure collective understanding and efficacy.
- Community members were consulted and given opportunities to discuss the proposed three strategic directions and the 5P approach.
**School strategic directions 2015 - 2017**

- **LEARNING TODAY FOR TOMORROW**
  To provide high quality education that caters for the diverse learning needs of all students. Students are encouraged to be confident, logical thinkers that can collaborate in teams and communicate their ideas to maximise their learning potential.

- **SUSTAINING A PERFORMANCE DEVELOPMENT CULTURE**
  To embed a culture with mutual accountability for the quality of practice that enables teachers to teach as well as they possibly can in an environment where continuous development for staff is supported by rich constructive feedback, customised professional development and regular dialogue.

- **ENGAGING WITH OUR COMMUNITY**
  To engage with parents, carers and the wider community to strengthen the partnership and ensure the community collaborates and is consulted on strategic school programs, adding significance and cultural awareness to the education of all students.
## Strategic direction 1: Learning Today for Tomorrow

### PURPOSE
Provide high quality education that caters for the diverse learning needs of all students. Students are encouraged to be confident, logical thinkers that can collaborate in teams and communicate their ideas to maximise their learning potential.

### PEOPLE
Students: Explicitly develop skills and capabilities in;
- working independently cooperatively and collaboratively.
- being a quality learner in the classroom and home environment.
- demonstrating resilience and our school core values.

Staff: Ongoing professional learning to develop skills and understanding in;
- links between syllabus and continuum
- guided reading and writing
- the needs of 21stCentury learners
- use of technology
- applying the Continuum of Support and teaching resilience in students.

Parents: Provide opportunities for parents/carers to engage in workshops to improve learning opportunities for students.

### PROCESSES
- K-6 teachers engage in professional development around assessing, plotting and using PLAN data to differentiate teaching and learning in the classroom.
- K-6 teachers are trained and supported in explicitly teaching guided reading and writing, with an emphasis on L3 pedagogy.
- Grade teams will engage in ongoing professional learning and collaborative planning to encourage students to work collaboratively and cooperatively whilst developing their 21st century skills and capacities.
- Scope & sequence developed to support the implementation of a resilience and well-being program.
- PBL team meet twice per term to implement action plan targets for non-classroom settings.

### PRODUCTS AND PRACTICES
- 80% of students at or above grade expectation according to syllabus / continuums and school based data.
- Evidence of data driven planning to inform teaching programs to cater for individual learning needs through reasonable adjustments.
- Evidence of flexible grouping practices and collaborative learning opportunities to develop problem solving, critical thinking, curiosity and technology skills.
- Staff explicitly teach expectations of behaviour and fully utilise universal strategies to enhance the social and academic outcomes of students.

### IMPROVEMENT MEASURE/S
- Professional Learning Matrix indicates 80% of teachers at “Wisdom” level with their understanding and implementation of PLAN.
- 80% of students at or above grade expectation according to syllabus / continuums and school based data.
- Trend NAPLAN growth data indicates 60% of students greater than or equal to expected growth.
- SET and EBS data indicates 70% success across the five PBL elements.

- Evaluation plan: Closely monitor school based assessment, progress on the continuums, benchmark data and NAPLAN results to track student progress in literacy and numeracy.

- Practices:
  - Greater alignment at all meetings to focus on and monitor progress towards achieving milestones.
  - Explicit literacy and numeracy teaching that is data driven and differentiated to meet identified learning needs of students.
  - Appointment of grade curriculum instructional leaders to drive innovation and change.
  - PBL practices are embedded in daily routines.
**Strategic direction 2: Sustaining a Performance Development Culture**

**PURPOSE**

To embed a culture with mutual accountability for the quality of practice that enables teachers to teach as well as they possibly can in an environment where continuous development for staff is supported by rich constructive feedback, customised professional development and regular dialogue.

**PEOPLE**

Staff will develop a deep understanding of:

- The Australian Professional Standards for Teachers and associated teacher accreditation procedures
- their own professional learning needs
- the links between syllabus and continuums
- differentiation strategies
- problem solving steps and strategies
- the needs of 21st Century learners

Leaders will:

- develop a capacity to lead innovation and change
- provide effective, continuous and constructive feedback
- facilitate accreditation processes for their team

**PROCESSES**

- Executive staff engage in professional learning to strengthen their capacity to lead innovative change of grade teams
- Teachers engage in ongoing professional learning to continuously reflect on and improve pedagogy.
- Teacher professional learning plans and TPL matrices are reviewed and actioned each term as part of the TARS process
- Induction process is regularly monitored by senior executive (including visitors)
- Senior executive create and monitor events on MyPL
- Teachers are supported and mentored through the Australian Standards and teacher accreditation processes

**PRODUCTS AND PRACTICES**

**Products:**

- Whole school TPL matrix demonstrates growth in all areas
- 100% teachers have an agreed, documented professional learning plan to customise professional learning linked to Australian Teaching Standards
- Evidence of GTIL impacting on teaching and learning programs
- Curriculum instructional leaders’ action plans reflect school plan and professional learning needs of staff.
- 100% new staff formally inducted to the school

**Practices:**

- Meeting structure refined to enable greater focus on strategic directions and targeted professional learning in grade curriculum teams
- Action Plans implemented by grade instructional leaders K – 6
- Teachers committed to ongoing, professional learning and reflection on classroom practice
- Timely, frequent and improvement focused feedback supports teachers’ efforts to improve their practice
- All induction programs to be signed off by the Principal

**IMPROVEMENT MEASURE/S**

Performance Development Matrix indicates the following growth:

- Induction programs from level 3 to level 4
- Teacher individual professional learning plans from level 2 to level 3
- School uses multiple sources of feedback from level 2 to level 3
- Belief the school has a performance development culture from level 3 to level 4
- Evidence from the TARS process indicates 80% of teachers feel their individual learning plan targets have been met

**Evaluation plan:**

- Ongoing monitoring of staff matrixes and teacher professional learning plans
- Curriculum leaders monitoring and evaluating GTIL action plans
- Completed induction overviews submitted to principal
Strategic direction 3: Engaging with the Community

PURPOSE

- Engage with parents, carers and the wider community to strengthen the partnership and ensure the community collaborates and is consulted on strategic school programs, adding significance and cultural awareness to the education of all students.

IMPROVEMENT MEASURE/S

Increased parental attendance at workshops (as per sign on sheets)
10% increase of visits to the ‘Skoolbag’ site by parents per term
50% of Worimi digital cultural resource site completed by the end of 2015
80% of staff at WISDOM level in their understanding of the six steps of problem solving and application in the classroom

PEOPLE

We will develop capabilities of our students through:
- regular lessons in the six steps and strategies of problem solving
- providing learning opportunities that reflect “8 Ways of Learning”

We will develop capabilities of our staff through:
- TPL in the six steps and strategies of problem solving
- TPL in “8 Ways of Learning” and Worimi resource at mgoals.com
- new staff participation in cultural awareness tour

We will develop capabilities of our parents/community through:
- participation in parent workshops in literacy / numeracy
- active engagement in the strategic planning processes of the school
- familiarisation and use of School Bag to enhance communication

We will develop capabilities of our community partners through:
- collaboration of Principals in determining GLLC strategic directions
- support of Worimi elders in the development of mgoals.com resource

Leaders will:
- engage in and contribute to collegial leadership network meetings.

PROCESSES

- Worimi mgoals.com resource regularly updated by project grant team
- TPL for K – 6 staff in “8 Ways of Learning” (Wayne Anderson)
- Years 3 – 6 high performing students acknowledged at GLLC Academic Assembly in Term 3
- Years 5 & 6 Aboriginal students to engage in Years 5 – 8 ANC in Term 2
- Parent feedback / reflection sessions to share strategic planning progress
- Parent workshops (1 per term) in supporting students with literacy and numeracy at home. Feeder preschool staff / parents invited to attend
- Forster PS School Bag, newsletter and website regularly updated
- Aboriginal Cultural awareness tours for new staff entering the GLLC

Products:
- Parents informed and able to support student learning at home
- Links with feeder preschools strengthened
- Parents informed of upcoming school events through range of media
- Enhanced opportunities for parents to be involved in strategic decision making
- Digital Worimi resource developed and accessed by teachers, students and community
- Staff introduced to the “8 Ways of Learning”
- New staff have increased awareness of Worimi culture through cultural tour
- GLLC embraces opportunities for students to develop skills and understandings in mathematics problem solving steps and strategies

Practices:
- Forster PS ‘Skoolbag’ established
- GLLC continue to celebrate academic achievement of students
- Aboriginal Numeracy Competition for Years 5 – 8 in Term 2
- ‘8 Ways of Learning’ introduced in teaching and learning programs
- Problem solving strategies taught K – 6 supported by GLLC resource

Evaluation plan:
- Term analysis of parent surveys and feedback / information sessions
- Attendance of parents / preschools at workshops and analysis of evaluation sheets
